

Dear Parents,

September 2018

Thank you for working hard with your child throughout the month of August. The first month is usually the most difficult, as we get the routines underway, learn the new teachers' systems, and try to find the best way to balance life, work, work, children, and everything else.

We hope that Berean Academy has started out in the best light for you. We have done everything we can to provide academics, extra-curricular activities, sports, recognition, fund-raising, and clubs for you and your children. One thing that we noted for the first month of the year is the lack of parental involvement during Parent Volunteer Organization meetings (PVO). We had our first PVO meeting on the 16th of August and we only had 3 parents that showed up. Our next PVO meeting is September 20TH at 4:00. We hope that we will see you here. We will be discussing 504 plans and anything else that is important to you.

The month of September will be filled with so many different things:

- September 4th NO SCHOOL (Labor Day)
- September 18th-21st K-12 Spirit Week
- September 20th-Oct. 4th Midland Fundraiser
- September 20th-27th Scholastic Book Fair
- September 21st Sock Hop
- September 25th Fall Picture Re-take Day
- September 25th-Oct.5th Benchmark Assessments
- September 28th Student Of The Month Assembly- RESPECT

We will continue to have our weekly clubs and sports. Keep checking our website to ensure you are aware of what is going on.

On September 5, we will have our first progress reports that will go out for the year. This means that we are half way through the first quarter. Students have four more weeks to improve their grades if they need to. Remember that tutoring is available throughout the week and Friday School is always available as a resource to help your child with any content that they might be behind in, need more help with, or just to finish up any type of work. We are glad to provide these resources to you, as there are many schools that do not.

In closing, I want to remind you of the importance of academics and the support that you give your children when it comes to their academics. We provide sports, clubs, and extra-curriculars as incentives, rewards, and supplements to academics, but we hope that our students excel in reading, writing, and math. Please continue to help us with this over-arching goal.

Sincerely,

Mrs. Bev Enriquez, Principal
Berean Academy
